

FLAG Abroad in Spain

Enjoy the delicious tapas, lively festivals, golden beaches, and historic landmarks.

2025-2026 SPAIN PROGRAM

EXCHANGE DETAILS

Spain is a paradise known for its food, festivals, beaches, soccer, and history. Studying in Spain will not only immerse you in this vibrant culture but also turbocharge your language skills.

Those who start their program in the fall will enjoy a brief orientation in Barcelona before moving in with their host families, who could be located anywhere across the country. Students arriving in winter will have their orientation closer to their host family's location.

ABOUT FLAG

Since 1989, Foreign Links Around the Globe (FLAG) has been a leader in student exchange programs. Designated by the U.S. State Department as an official sponsor, FLAG facilitates the exchange of students from over 25 countries who come to the U.S. to live and study.

Additionally, we provide American students with opportunities to study in Europe and Asia. At FLAG, we focus on individuals, valuing names and faces over numbers.

This program is especially designed for high school students between the ages of 14 and 18 years old with a strong academic record and basic Spanish communication skills. Students who need additional Spanish practice may sign up for a pre-program language course that takes place in Barcelona for an additional fee. A United States passport is sufficient for this trip, and students will not be required to obtain a Spanish visa. The program does not include airfare and other related costs.

Please note that exchange students to Spain may start school with a delay of one to three weeks due to challenges with Spanish public school placement. Students should also be prepared to hear other languages besides Spanish during their exchange. The autonomous communities in Spain often speak Galician, Catalan, Basque, or other languages at home, at school, and in the community.
